The Shell Gourami Business Challenge

15th - 21th December 2005 and 4th - 10th January 2006

Albufeira, Portugal

We have created a fictional country in the Indian Ocean for the setting of our Interactive Business Challenge. You will be tasked with developing and presenting a five-year business plan for the long-term stability of the Company. Working with a multi-national team of talented undergraduates and Shell staff, this exciting opportunity will give you the chance to find out first hand what the energy business is all about and to see how you would cope at the sharp end of an international business.

The Shell Gourami Business Challenge will allow you to gain an accurate insight into all aspects of the energy business. The issues are complex and the deadlines demanding.

You'll learn a lot, learn it fast and have fun in the fantastic sea resort of the Algarve. If you are a final year student, visit our website to find out more.

The closing date for applications: **7th November 2005**

Shell is an Equal Opportunity Employer.
