**CENTRE FOR EUROPEAN STUDIES
SCIENCES PO
POST DOCTORAL SCHOLARSHIPS**

CALL FOR APPLICATIONS

The Centre for European Studies has a twofold mission:

- to develop research on questions of European interest,
- to consolidate Sciences Po's position in the European research area.

It accomplishes this by lending its support to research programmes, organising encounters between researchers and by facilitating debate on themes of current European interest

Every year, the Centre offers a number of post-doctoral scholarships to young researchers capable of contributing to its programme of research activities. Scholarships are valid for one year. They are valued at a total of **15, 000 euros** and may be renewable in some cases. Scholarships are made irrespective of nationality.

Our main research activities include the following themes:

- Towns and metropolitan areas in Europe,
- Social welfare systems in continental Europe
- Europe and the world,
- The political economics of European integration,
- The political actors of the European Union,
- Processes of politicisation /depoliticisation in Europe,
- The political sociology of European integration,
- The study and research on the European institutions.
