

Position available in Business and tax law

Sciences Po's School of Law is seeking to recruit a full professor in "business and tax law" for a public-sector teaching position.

The successful applicant will be required to teach in the School of Law and the Sciences Po undergraduate program. He/she will pursue his/her individual research activities as part of the School of Law's research team, and more particularly in the field of business and tax law.

Applicants must provide proof of substantial research activity in the field of business and tax law and a command of fundamental aspects of law closely related to the law of economic activities. They must be open to multidisciplinary approaches to the law and must accordingly demonstrate a capacity to coordinate research with academics in fields other than law.

The successful candidate will be required to assume administrative responsibilities in the teaching of economic law and must therefore demonstrate excellent knowledge of the professional environment and a capacity to develop cooperation agreements with partners outside Sciences Po.

Applicants must have solid experience in teaching the fundamental subjects related to the law of economic activities and will have demonstrated a capacity for innovative teaching methods corresponding to the educational model adopted by the School of Law.

This is a public-sector position and civil-service posting. The successful applicant will have the status of professor of private law (section 01 of the Conseil national des universités - CNU).

The application must consist of:

- a cover letter explaining reasons for applying;
- a detailed CV with a complete list of the candidate's research work;
- a short CV;
- two examples of the candidate's main research work demonstrating his/her aptitude for fundamental and multidisciplinary research.

A selection committee will examine these documents in accordance with the provisions of French law no. 2007-1199 of 10 August 2007 relating to public-sector teaching positions.
